

HIREDEPOT
Sanders and Buffers – HAZARD ASSESSMENT

<u>The Identified Hazard</u>	<u>Risk Yes/ No</u>	<u>The Proposed Method of Control Measure</u>	<u>Are The Control Methods Practical</u>
<i>Persons could be injured if the operator performs duties that are not his responsibility and beyond the scope of his technical capabilities.</i>	Yes	<i>The operator should be adequately trained or licensed. The operator must not carry out any work that is outside his normal duties and report any matters of concern to his supervisor.</i>	Yes
<i>Persons could be injured as a result of electrocution.</i>	Yes	<i>Ensure lead is well clear of working location. Use a power supply protected by a safety switch. Do not use in wet or damp conditions. Do not use with faulty leads or plugs. Ensure equipment is tested/tagged for compliance with electrical safety testing requirements.</i>	Yes
<i>Persons could be injured if they come into contact with moving parts.</i>	Yes	<i>Keep body parts well away from the sanding head when in use. Use only the right sandpaper designed for the tool. When not in use turn the machine off. Ensure that all protective guards are in place. Allow sander to stop completely before changing the paper or doing any maintenance.</i>	Yes
<i>Persons could be injured if they slip, trip or fall whilst using the tool.</i>	Yes	<i>Ensure the operator only operates the tool whilst in a firm stable position. Grip the tool firmly with both hands. Do not operate the tool above shoulder height.</i>	Yes
<i>Persons could be injured as a result of entanglement of hair, clothing, gloves, necktie, jewellery, cleaning brushes, rags or other materials.</i>	Yes	<i>Keep all foreign materials and objects clear of moving parts during operation. Do not wear loose fitting clothing.</i>	Yes
<i>Persons could be injured if the machine operator is unfamiliar with typical unsafe conditions and hazards that could affect the safe operation of the unit.</i>	Yes	<i>The operator should be trained in determining unsafe conditions and hazards that are relative to the machine's safe operation.</i>	Yes
<i>Persons could be injured if personal protective equipment is not available or being used when working in an unsatisfactory environment e.g. noise, heat, fumes, etc.</i>	Yes	<i>Instruct the operator to ensure that appropriate personal protective equipment is available and is in good condition prior to commencing work. Only operate in a well ventilated area.</i>	Yes
