

Guide only

Before Starting VERY IMPORTANT

Read the hazard identification sheet.

DRY VACUUMS

1. Ensure the vacuum has the filter inside it.
2. Use the correct vacuum for the material that is to be used. E.g for fine dusts, use a fine filter vacuum.

WET VACUUMS

1. Ensure the vacuum is capable of being used as a wet vac. The vacuum will be marked accordingly. If unsure consult with your local Glen Iris Hire office.
2. If the vacuum is suitable, the filter must be removed when using wet.
3. Fine filter vacuums are not suitable for using when wet.

Trouble Shooting

Problem	Possible Solution

Mandatory Personal Protective Equipment:

Dust
Mask

Protective Safety
Clothing

Do not under any circumstances attempt any repairs. Call your local HireDepot office.
